## **SATURDAY, FEB. 16**

**The Belleville Outfit** The Austin sextet recently released their debut disc, *Wanderin'* – a mix of gypsy swing, jazz and Americana. They often get a sense of the old school swing going with a great groove. The band began out of remnants of others scattered around the Carolinas, forming around the 2007 Merlefest. Their change in styles are also complimented by changes in vocalists – male and female. They lean toward the Squirrel Nut Zippers side of the retro movement.
